---

## Date and Location

Wednesday 10th June 2020

09:00 - 16:20

RCoA, 35 Red Lion Square, London  
WC1R 4SG

Each session will have a clinical scenario of a case typically seen in pain clinics. We all have increasingly complex patients whom at times we struggle to manage effectively. In interactive sessions, pooled expertise of delegates and facilitators will formulate pragmatic clinical management plans. Emphasis will be on importance of pain diagnosis, promotion of evidence based pain management options and approach for the case utilising interdisciplinary set up and support.

## Fees and Registrations

Consultants/SAS doctors: £180

Trainees/Nurses: £145

Register online:
